

# OLDER YOUTH DONATION DRIVE

## About Us

For teenagers in foster care, the path to adulthood is not always straightforward. Without a traditional support system or family, these young people face a host of challenges. At The Villages, we recognize that older youth need the same love, stability, and support as young children, yet also have unique needs for their age group.

## How You Can Support Indiana Youth

Remember the excitement, and the endless checklist, of moving into your first apartment, or college dorm room? For youth aging out of foster care, starting independent life often means starting with nothing, and facing big expenses. Your donation of essential household items can provide the foundation they need to thrive!

## What We're Collecting

Shop our Amazon wishlist or throw a few items in the cart on your next grocery store trip!
